

# Assessment is for Learning

## Key points

Sharing learning intentions and success criteria

Quality of questioning

Quality of feedback

Self and peer assessment

\* \* \* \* \*

## Sharing learning intentions and success criteria

Here's what we need to learn

How shall we go about that?

How will we be able to tell when we've learned it?

## Quality of questioning

Involving more pupils

Allowing thinking time

Encouraging discussion

## Quality of feedback

Know the curriculum, and the pupils

Match intentions to outcomes

Match activities to outcomes

Emphasise success and how to achieve more of it

## Self and peer assessment

Sharing success criteria

Encouraging co-operation and mutual support
